**Michael D. Antonovich**  
Fifth District

September 21, 2011

TO: Each Health Deputy

FROM: John Viernes, Jr., Director *John Viernes, Jr. /s/*  
Substance Abuse Prevention and Control

SUBJECT: **FUNDING REALLOCATION FOR VARIOUS DRUG/MEDI-CAL CONTRACTS**

This is to inform you that the Department of Public Health (DPH) plans to use the delegated authority granted by the Board on June 10, 2008 (Board Agenda Synopsis #31) to amend the County's estimated maximum obligation and corresponding maximum allocation for the following agencies: Bernie's Lil Women Center, Ideal Care & Health Services, Los Angeles New Life Center, RMAH Health Services, and The New You Center, Inc. The agreement provides flexibility to adjust funding allocations, and contains provisions that authorize the Director of DPH, or his designee, to make such funding changes.

DPH recommends this funding reallocation based on the Sobky v. Smoley court litigation which requires agencies to provide services to all Drug/Medi-Cal eligible persons. Based on the agency's notification to Substance Abuse Prevention and Control that they are serving an increased number of Drug/Medi-Cal eligible persons and verification by SAPC Program Compliance and Quality Assurance Division of this increase, a funding reallocation was approved. Attachment 1 is a description of the services to be revised by this amendment and Attachment 2 outlines the agency's current and new proposed funding amounts.

If you have any questions or need additional information, please let me know.

## Drug/Medi-Cal Services - Description

### Outpatient Drug Free Services (Federal Drug/Medi-Cal)

Outpatient drug free services include crisis intervention, counseling, and client referral services for people who are Medi-Cal eligible. Clients receive counseling at least twice within each thirty (30) day period.

### Perinatal Outpatient Drug Free Services (Federal Drug/Medi-Cal)

Perinatal outpatient drug free services include crisis intervention, counseling, and client referral services for pregnant and postpartum women who are Medi-Cal eligible. Clients receive counseling at least twice within each thirty (30) day period. Priority admission to the program is given in the following order: (a) pregnant injection drug users and (b) pregnant women using alcohol and/or other drugs.

### Day Care Habilitative Services (Federal Drug/Medi-Cal)

Day care habilitative services are non-residential programs which provide counseling and rehabilitation services to people who are Medi-Cal eligible. Clients participate in scheduled, formalized services three (3) or more hours per day, but less than twenty-four (24) hours, throughout the day at least three (3) times per week. Program services are available for a minimum of six (6) hours per day, six (6) days per week.

### Perinatal Day Care Habilitative Services (Federal Drug/Medi-Cal)

Perinatal day care habilitative services are non-residential programs which provide treatment and recovery services to pregnant and postpartum women who use alcohol and/or other drugs. These programs also serve the children of these clients. These programs provide services that are more intensive than a visit but less extensive than a 24-hour residential service, in a clean, alcohol and drug free, sober environment. Program clients participate at least three (3) hours per day, three (3) times per week and return to their own residences at night. Program services are available for a minimum of six (6) hours per day, six (6) days per week. Priority admission to the program is given in the following order: (a) pregnant injecting drug users and (b) pregnant women using alcohol and/or other drugs.

### Perinatal Residential Habilitative Services (Federal Drug/Medi-Cal)

Perinatal residential habilitative services are provided within non-institutional residential facilities where pregnant and postpartum women who use alcohol and/or other drugs are supported in their efforts to restore, maintain and apply interpersonal and independent living skills, and access community support systems. Programs provide a range of activities and services for individuals who would be at risk of hospitalization or other institutional placement if they were not in a residential treatment program. This is a structured program with services available twenty-four (24) hours a day, seven (7) days a week.
